FROM THE PRINCIPAL'S DESK

"The function of education is to teach one to think intensively and to think critically. Intelligence plus character – that is the goal of true education." – Martin Luther King Jr.

As we embark on another academic year filled with opportunities and challenges, I am reminded of the profound impact that education has on our lives and society. At St. Ann's, we strive not only to impart knowledge but to inspire and empower our students to make meaningful contributions to the world around them.

The academic year 2023-24 has been a testament to our commitment to excellence and holistic development. Our 6-day Orientation and Induction program for the MBA batch of 2023-25 was meticulously designed to provide a strong foundation for our new students, ensuring they are well-prepared to embark on their academic journey. The program featured a blend of educational sessions, cultural activities, and value-based education, creating a vibrant and inclusive environment for learning and growth.

Our college celebrations, such as the Annite Fiesta and Feminora 2024, highlighted the diverse talents and achievements of our students, fostering a sense of community and pride. These events, along with our various certificate courses, seminars, and guest lectures, have enriched the educational experience, offering students numerous avenues to explore their interests and develop new skills.

The Training and Placement Cell has been instrumental in preparing our students for the professional world, providing essential training in employability skills and organizing certification programs that enhance their career prospects. Our outreach initiatives and student development programs continue to play a crucial role in nurturing well-rounded individuals who are not only academically proficient but also socially responsible.

I am incredibly proud of our students and faculty for their dedication, enthusiasm, and resilience. Your efforts and achievements are what make St. Ann's a place of excellence and inspiration. Let us continue to strive for greatness, embracing the challenges ahead with courage and determination.

Together, let us make this academic year a memorable and successful one.

Warm regards,

Sr. Emmy Gracy Vas

Principal, St. Ann's P.G. College for Women

The staff at St. Ann's College find solace and relaxation through picnics, providing a welcome break from the rigors of academic life. On February 13, 2023, they enjoyed a rejuvenating trip to Nehru Zoological Park, escaping the daily grind and fostering camaraderie. Annually, staff members gather to socialize and reconnect, coming together for the Feast of St. Ann on July 25, 2023, and celebrating Christmas on December 23, 2023. Additionally, they participated in a six-day National-level online Faculty Development Program titled "Enhancing Teaching & Learning Competencies of HEI Teachers," held from May 3rd to May 9th, 2024.
